

Action Items Enhancements in Eleventh Edition

This webinar is intended for Newforma Project Center users and administrators.

The classic Action Item activity center has undergone a big expansion in Eleventh Edition! If your company has not fully embraced Action Items yet, this is a great time to explore the benefits for project teams, departments and individuals across your organization.

TOPICS COVERED

- Typical process flow for Action Items
- Updates to match up to other activity centers
- New fields and metrics now available
- Status field nuances – new Type and recommendation
- Revised email notification
- Interacting through Info Exchange and Mobile Apps
- Creative uses of Action Items
